01

The diagram illustrates a 100-bit bus system divided into four 25-bit channels. The top channel is labeled '10w' and the bottom channel is labeled '30'. Each channel is represented by a horizontal bar divided into 25 segments.

02

The diagram illustrates a corrupted PNG file structure. It shows a long horizontal bar at the top, representing the file's header and chunk data. Below this bar, the text "image.png" is displayed in blue. To the right of the text, the message "tag not found or type unknown" is written in black. Below the text, a small rectangular box contains the text "image.png" in black. At the bottom of the diagram, another long horizontal bar is shown, representing the file's footer and additional data.
