Dieter Rams' ten principles to “good design” via <https://www.yatzer.com/as-little-design-as-possible-dieter-rams>

- “ **Good design is innovative**
- Good design makes a product useful**
- Good design is aesthetic**
- Good design helps us to understand a product**
- Good design is unobtrusive**
- Good design is honest**
- Good design is long-lasting**
- Good design is consequent to the last detail**
- Good design is concerned with the environment**
- Good design is as little design as possible**
